

STARTS HOLY WAR UPON THE BRITISH

Ali Dinar, the Imam of Darfour, Leads Uprising in Sudan.

BERLIN, May 6, by wireless to Sayville.—An uprising against the British in the Sudan is reported in dispatches from Constantinople to the Overseas News Agency today.

All Dinar, the Imam of Darfour, with a force of troops and 8,000 camels, is said to be marching against the British forces in northern Sudan. The British, according to the dispatches, are retreating hastily toward the Nile.

The Constantinople reports state that Ali Dinar has proclaimed a holy war against the British and that he intends to co-operate with the Senussi tribesmen in their operations against the British forces.

LYDD GEORGE DEFENDS COMPULSION DEMANDS

Necessity for Conscription Arose Last September, Says Minister of Munitions.

LONDON, May 6.—Addressing his constituents at Conway, Wales, this afternoon, David Lloyd George, minister of munitions, defended his demands for compulsion, the necessity for which, he said, arose last September.

Compulsion, the munitions minister said, simply meant that the country was organizing itself in an orderly, consistent and resolute manner for war, which could not be run as a Sunday school. He declared it never had been said that Great Britain could raise as many men in proportion to population as could France. This, he said, was impossible, as Great Britain supplied France and other allies with steel, coal, material and munitions and maintained the greatest navy in the world.

300,000 Women Employed.

There, however, still was a considerable margin of men available for war if the need arose for increasing the army. Women more and more were coming to the rescue in the munition works. There were nearly 300,000 women, Mr. Lloyd George said, engaged upon tasks which before the war one never would have dreamed women were capable of discharging. As the result of this the country had increased enormously not merely its output, but its capacity to furnish munitions of war.

Replying to attacks made upon him, particularly by Alfred G. Gardiner, editor of the Daily News, which formerly supported him, Mr. Lloyd George said he was glad the attack had been openly made.

Relations With Asquith.

The speaker, proceeding, said that some liberals were troubled because of a difference he had had with Premier Asquith. For ten years, he said, he had worked with Mr. Asquith most harmoniously. If they had not so worked it would have been his fault, but he would have ill-requited Premier Asquith's great kindness if he had not expressed his opinion freely, candidly and independently. A counselor who professed to agree with everything which his leader, he added, was betraying him.

Believing that the peace, the freedom and the civilization of the world were at stake in the war, the outcome of which he had no doubt, Mr. Lloyd George said he had thrown himself heart and soul into the prosecution of it.

WILL MEET AT THE HAGUE.

Socialists Plan International Peace Conference June 26.

NEW YORK, May 6.—Plans for the international socialist conference, to be held at The Hague on June 26, were announced today at the headquarters here of the socialist party. The gathering will not be a general congress, as indicated in recent cable dispatches, as only representatives of neutral countries will attend. Its immediate purpose will be to bring about peace in the ranks of the socialists, with the ultimate object of effecting peace in Europe through a united socialist movement. The conference will consider the wisdom of calling an international socialist congress before the war ends.

FIVE CARRIED ON AIR TRIP.

Hydroaeroplane Flies From Newport News to Baltimore.

BALTIMORE, Md., May 6.—Carrying five passengers, a hydroaeroplane which left Newport News, Va., at 7:50 a. m. today reached Fort McHenry, Baltimore, at 12:55 o'clock. The machine followed the bay, the route covering a distance of 178 miles, and was buffeted by a stiff head gale all the way. The wind was so strong, Pilot R. T. Macaulay said, that at times the craft was brought to a standstill. The aircraft started on its return flight to Newport News at 2:25 p. m., but descended at Arundel cove, the revenue cutter station, eight miles from Baltimore, where it will remain overnight.

Tea is one of the leading exports of Brazil.
